ELEVATE
INSTITUTE OF FINANCE

Beyond Education. Towards Excellence.

ACCA • CIFA • MBA • ONLINE DEGREES • CORPORATE TRAINING

Translating academic knowledge into professional capability.

Elevate – Institute of Finance is a professional education and career development institution based in Oman, offering internationally recognised qualifications, practical finance and accounting training, postgraduate education, online degree programmes and corporate training.

What makes Elevate different is its focus on translating academic knowledge into professional capability through practical learning, industry exposure, internships and career development opportunities.

Beyond Education. Towards Excellence.

Our Four Brand Pillars

Accessible Excellence

Premium quality education at affordable fees.

Practical Learning

Real-world exposure rather than theory alone.

Career Transformation

Building employable, confident professionals.

Lifelong Growth

Supporting students and working professionals at every stage of their careers.

02 — OUR VISION

Our Vision

To become a leading centre of professional education and career development in the Middle East, recognised for making quality education accessible, bridging the gap between academic learning and industry requirements, and **developing skilled, confident and future-ready professionals.**

03 — OUR MISSION

Our Mission

To empower individuals and organisations through accessible, high-quality and industry-oriented education that transforms knowledge into practical skills and professional opportunities.

We Are Committed To

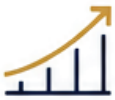
01
Delivering quality education

02
Bridging the theory–practice gap

03
Developing employable professionals

04
Creating career opportunities

05
Promoting lifelong learning



06
Supporting Oman's workforce development

07
Partnering with industry and academia

Beyond Education.
Towards Professional Excellence.

At Elevate, we believe that education should do more than help someone pass an examination or earn a certificate.

EDUCATION CREATES
Capability

SKILLS CREATE
Confidence

KNOWLEDGE CREATES
Opportunities

We believe that a qualification without practical understanding is incomplete, a skill without application has limited value, and education without a pathway towards professional growth misses its true purpose.

We don't believe in simply teaching students what they need to know. We believe in preparing them for what they need to do.

THAT IS WHY OUR APPROACH COMBINES

Academic excellence | **Practical experience** | **Industry engagement** | **Career development**

"Don't just learn the profession. Be ready to practise it."

Five divisions.
One pathway to excellence.

- ✓ Qualifications plus practical exposure
- ✓ Industry connections and exposure
- ✓ Industry-oriented training
- ✓ Career guidance and employment support
- ✓ Professional and flexible learning options

Our Competitive Advantages

01
Premium education at affordable fees

We believe quality education should not be limited to those who can afford expensive tuition.

02
Education connected to industry

Our association with Tappert GCC provides an opportunity to connect classroom learning with actual business and finance operations.

03
Practical exposure and internships

Opportunities to gain practical exposure through assignments, simulations and internships with associated industry partners.

04
Career-oriented programmes

We design our programmes around what employers actually need, particularly in accounting, taxation, auditing and finance.

05
Employment and career support

Through our professional network and industry connections, we support students with career guidance, interview preparation, internships and suitable placement connections.*

06
International learning opportunities

Through professional qualifications, international academic partnerships and online degree programmes, learners expand their academic and professional horizons.

** Career and placement support is not a guarantee of employment.*
